

Meeting Agenda

Group: Hubba

Date: 2018-09-28

Chair: Smithco Line

Participants: Camilla, Li, Nils-Martin, Alexander, Jian

Objectives (5 min)

User Stories: Some of our user stories does not meet the INVEST criterias. (The ones that's found lacking are commented in Trello)

Save data: HOW?!

Reports (15 min) from previous meeting

Alexander and Li: have made it possible to create habbits, they are not connected to the user yet, but since there is an issue saving users it will be resolved later.

Camilla and Jian: have made a calendar where you can see the added habbits

Nils-Martin: Worked with Travis, but it's still not working. Has worked on some bugs, tests and implemented Achievements and Observer.

Johannes: Worked with notifications, looked at the user stories with INVEST as a main object. Worked on main page GUI. Uploaded the latest domain model. Worked with the Introduction in the RAD document.

Discussion items (35 min)

Save doesn't work, plz help. Do not understand what "Context" is.

Travis doesn't work, plz help.

Some user stories do not meet the INVEST criterias, we will look in on that after the meeting.

How will the GUI look like, to be continued... DAM DAM DAAAAAAm

Outcomes and assignments (5 min)

Alexander: opening current habits.

Li and Nils-Martin: create setting page.

Jian: looks at implementing streaks

Camilla: continue with calendar.

Johannes: implements design on main page.

- Outcomes from discussion items. Write down what's decided and why it was

- decided. Sync with other documentation (add terms to wordbook).
- (re)Assign to each group member which issues to solve.

Wrap up

Nästa möte 1/10-18.

- Write down any unresolved issues for next meeting.
- Decide a time and location for next meeting.
